## Wage Cost Index and Average Weekly Earnings

### WAGE COST INDEX AND AVERAGE WEEKLY EARNINGS

The Wage Cost Index (WCI) is a price index which measures changes over time in wage and salary costs for employee jobs, unaffected by changes in the quality and quantity of work performed. ABS also produces the Average Weekly Earnings (AWE) series. This survey can be affected by factors such as compositional shifts in the labour market and changes in the hours worked by employees. To encourage the use of the WCI, which gives a better indication of changes in wage costs, the timing of the WCI publication will be brought forward and the AWE preliminary publication (Cat. no. 6301.0) will cease. The next WCI release (Cat. no. 6345.0) is due on 16 May and the next AWE release (Cat. no. 6302.0) is due on 17 May.

## Measuring Australia's Progress

### MEASURING AUSTRALIA'S PROGRESS

The Measuring Australia's Progress project will present an analysis based on 15 key indicators addressing the sustainability of economic growth and the inter-relationships between the economy, society and the environment. A seminar on the progress of the project will be held at ABS NSW on 3 May. To attend the seminar, contact Cameron Sach on (02) 9268 4376, email [c.sach@abs.gov.au](mailto:c.sach@abs.gov.au). For further information on the project, contact Ken Tallis on (02) 6252 7290, email [ken.tallis@abs.gov.au](mailto:ken.tallis@abs.gov.au).

## Labour Force Survey Redesign

### LABOUR FORCE SURVEY REDESIGN

The Labour Force Survey questionnaire has been redesigned to better reflect current labour market phenomena. Use of the new form will commence with the April survey. A new publication entitled **Information Paper, Implementing the Redesigned Labour Force Survey Questionnaire** (Cat. no. 6295.0), is due for release on 3 May. As part of the questionnaire implementation, key labour force series will be backcast to April 1986 and an additional review of seasonal factors will be conducted. For information about revised data or the seasonal reanalysis, contact Michael Johnson on (02) 6252 7507, email [michael.johnson@abs.gov.au](mailto:michael.johnson@abs.gov.au).

## Indigenous Identification in Population Survey

### INDIGENOUS IDENTIFICATION IN POPULATION SURVEY
